CROATIA

More than a thousand islands, rich cultural heritage, preserved nature

Croatia is a small European country situated on the north of the **Mediterranean** Basin. A country with a rich cultural and historical heritage with many sites and traditions listed on **UNESCO's World Heritage** and Intangible Culture lists. One of these sites, the Old City of Dubrovnik became world-known as the most famous fantasy kingdom capitals - King's Landing. But not only Croatian man-made heritage is **fairytale-like**; nature is also something that seems to be coming from a dreamland. Almost two thousand kilometres of indented coastline along the **clear Adriatic Sea** speckled with more than a thousand islands and islets make the Croatian coast surprisingly beautiful, while **mountains, lakes** and **waterfalls** make the hinterland wondrous, too. We invite you to discover it all.

Istria

Istria is a **heart-shaped peninsula** surrounded by the Adriatic Sea on the northwest of Croatia. Dubbed as Terra Magica since the Roman times, Istria offers an experience of an **authentic way of living** respectful of nature and its seasons. With a mild Mediterranean climate and more than two thousand hours of **sunshine** in a year, Istria is beautiful the whole year-round. Here, you are always close to the **peaceful inland** known as Green Istria, and the lively coast - Blue Istria. Inland Istria is full of picturesque medieval **hilltop villages, vineyards, olive groves** and family farmhouse restaurants offering authentic Istrian dishes; while the eventful coast offers a **variety of beaches** - rocky, pebbly, secluded or filled with water activities, Michelin-recommended restaurants with fresh **seafood delicacies** and open-air festivals.

Medulin

Medulin is a **pearl of Istria's tourism** located on its very south, about ten kilometres from Pula. Recognized for decades by guests from all over Europe, it has transformed from a small fishing village to a lively touristic centre **bursting with life all summer long**. Medulin has something to offer for everyone. There is an abundance of concerts, folklore evenings, restaurants, **beach bars** and clubs, and many opportunities for **sports activities**, from windsurfing, mountain biking, diving to water skiing and sky diving. Come and discover the vibrant heart of Istria's tourism.

Pula

Three thousand-year-old Pula, the largest urban centre of Istria, is a Mediterranean town located on the **south of the Istrian peninsula**, it is known for its pleasant climate and exceptionally indented coastline. **Pristine beaches, pebbled coves** and **wild rocky shores** with the tame inland landscape, alternate with the streets of the city, luring you to take a trip through **layers of history**. Pula is a magical place with hundred faces and a mysterious past, a city of ancient myths, whose beginnings fade in the haze of history. From the magnificent **ancient amphitheatre**, locally known as Arena, to the streets and squares constructed in the days of the Roman Empire, the city is a centre of numerous **manifestations and events**.

ABOUT US

Arena Hospitality Group campsites are located in prestigious locations of two Istrian tourist centres **Pula** and **Medulin**, both of exceptional natural and cultural-historical value. They are situated along the **very south of the Istrian peninsula**, stretching from the Brijuni National Park in the west, all the way to a picturesque Medulin Bay and Cape Kamenjak on the south. Discover the beauty of a pleasant Mediterranean climate, the **magic of the crystal-blue sea** and tame green landscape. Experience the joy of living and resting in the oases of peace where every one lives **in harmony with nature**.

Open-air concerts, unique film festivals, gourmet events

When in Istria, don't miss the opportunity to experience some of the many events offering an insight into the **Istrian culture, gastronomy, folk traditions** or simply good entertainment that makes Pula and Medulin unmissable destinations. The **sixth-largest Roman amphitheatre** in the world and one of the most preserved - the Pula Arena, makes the perfect summer stage hosting various **concerts** and festivals. **Pula Film Festival** takes place every July for **more than 70 years** in various locations around the city, but the truly unique experience is to enjoy one of the festival **films under the starry sky** in the ancient Arena. If you're a foodie, make sure to visit some of the gourmet events celebrating the **best of Istrian flavours** such as the olive oil, wine or truffles.

SPORTS

Cycle, dive, surf, hike, paddle and discover

If you are an adventurous traveller that loves to explore while being active, Istria offers a **variety of possibilities on water and land**. To make the most of your seaside holiday, you can learn new skills such as **windsurfing and diving**, or enjoy something simpler such as **SUP** (stand up paddling) and **kayaking**. If you prefer firm ground under your feet along with an inspiring view of the sea, **cycling and hiking** are great ideas. Many trails along the coast offer a healthy way to unwind in the great outdoors while soaking up the **warm Istrian sun** and the **fragrant Mediterranean aromas** of the sea and the vegetation.

EXCURSIONS

Adventurous experience or a laid-back excursion

Sometimes the best way to get to know something is to hear a story. And there are great stories hidden in many corners of Istria, guarding **millenniums of history and tradition**. Take a trip to magnificent **Brijuni Islands**, a National Park, an oasis of flora and fauna and a holiday retreat since Roman times. Embark on a culinary adventure through Istria, savoring truffles, olive oils, and wines with our tailor-made tours that unveil the region's rich gastronomic tapestry.
